U. S. MEANS TO HAVE ITS OWN

Cheers From Men of Fleet Greet Harding's Speech

FOR PEACE, BUT WITH HONOR

Sixty Warships in Review—Magnificent Spectacle Presented in Hampton Roads By Sea And Air Craft.

Hampton Roads, Va.—America wants only that which is right for her own, "the U. S. means to have its own," President Harding declared in an address to the officers of the Atlantic fleet gathered about him on the flagship Pennsylvania after he had reviewed the powerful armada which just returned from battle practice in Southern waters.

Washington, D. C., May 4.—The United States fleet of commerce destroyers, which was introduced originally by Senator McCormick, Republican, Illinois, passed by the Senate and House during the Sixty-third Congress, voted by President Wilson and then re-passed by the House with the sections found objectionable by the Executive stricken out. The Senate, however, failed to act on the measure after the President's veto. The measure, as passed now goes to the House, where prompt action has been promised.

Washington, D. C., May 4.—The House today passed a bill for the purpose of providing for a bureau of the budget in the Treasury Department to prepare the estimates of appropriations by the various departments. The bureau would have as its head a director of the budget, appointed by the President with the consent of the Senate for a term of seven years with an annual salary of \$10,000.
